DIARY NOTES

30 January 1964

25X1A DD/S

1. Having noted a cable from [REDACTED] which seemed to protest the PCS assignment [REDACTED] of Communications people evacuated [REDACTED] and to express the hope that they would soon be able to return [REDACTED], I called [REDACTED] to say that from the intelligence I had received I did not believe this action was reasonable. I told him that we should not give the [REDACTED] station any encouragement along these lines and that, while it is true that they would have adequate office and shoproom space, they would not have adequate quarters.

a. I approved of the plan to have church services in the auditorium during Lent. The services will be held each Wednesday beginning 12 February and will run through Wednesday, 19 March. During the week of Good Friday, the services will be on Friday, 27 March.

b. Harry reported that he had attended the Interdepartmental Savings Bond Committee meeting yesterday and that nothing unusual had happened.

c. I approved of the Credit Union's placing Kennedy medallions on sale at reduced prices. The Recreation Association will get a portion of the proceeds of the sale. I cautioned Harry to make sure that any such proposed ventures were checked out with the General Counsel. I also told him that the Recreation Association must not take on a volume of business of this type which would require additional personnel until they have sufficient nonappropriated money to pay them.

d. The Recreation Association plans to start its membership drive in the very near future and proposes to offer several prizes in order to stimulate participation. First prize would be a trip for two to the New York World's Fair, and there would be other prizes of lesser importance. I approved of this plan in principle.

3. The Director's office telephoned to say that the White House wanted to send us some pictures of the President and asked me to decide how many we wanted and where they should be delivered. After checking with Paul

Chretien, I suggested that they tell the White House that we would like to receive 25 pictures and that they should be delivered to Paul Chretien.

[REDACTED] is scheduled to see General Carter at 10 a.m. on Saturday, 1 February, and proposes to request his permission to use [REDACTED] provided that they can meet the standards and criteria to be established by the Office of Logistics. I told [REDACTED] that I have no objection to this but that I am very pessimistic that [REDACTED] can meet these standards.
